NUMBER 6

### BLACK WINS **POVERNOR'S RACE**

Carried Every District in the State But Two, His Majority Will Possibly Reach 17,000

Governor James D. Black won the Democratic nomination for Governor Saturday by a large majority and it is quite likely his majority will reach 17,000. He carried every district in the State but two, the fifth and sixth which were carried by Judge J. D. Carroll. A very light vote was polled throughout the entire State and comparatively little interest was

GOV. JAMES D. BLACK

manifested. Montgomery county gave Black a majority of 343. The primary was very quiet in this county and no disorder of any kind was reported. In the race for Chief of Police J. C. Tipton, the present encumbent, was returned the winner over his opponent, Thos. Scott, by a majority of 181. In the Fourth Ward Walter Mackie and John W. Jones were elected over J. Wells Wilkerson for Councilmen. In the various other State races the winners appear to be: Shanks for Lieutenant Governor, although Oldham is still claiming his election; Bosworth for Auditor; Cohen for Secretary of State; Daugherty for Attorney General; Foster for Superintendent of Public Instruction; Goodman for Clerk of the Court of Appeals, defeating our former fellow-townsman,

B. O'Connell; and Newman for Commissioner of Agriculture. On the Republican ticket Dawson was ominated for Attorney General and sugar, at Vanarsdell's. in the Railroad Commissioner's race in this district between Kash and versole, the result is still in doubt, ath of the candidates claiming their

#### SPEEDERS ARRESTED

That the city officials are in earnest in their efforts to have the traffic laws obeyed, is evidenced by the et, that since the accident of Sunday, police have been stationed at the intersections of the principal streets here, and have arrested the violators of these laws. In most instances the "speeders" were dismissed with a reprimand, it being their first offense, but the second offense generally meets with a stiff fine. A number of arrests were made account of drivers "cutting" the corners and ignoring the "Keep to the Right" signs, that are conspicu ously displayed on the street inter-

#### ENGAGEMENT OF INTEREST

sections here.

Mrs. Jennie Robinson authorizes us to announce the engagement of her daughter, Miss Emily Dean, to Mr. Harry Reagan, of Danville, Va., the ceremony to take place in the late summer. Owing to the prominence and popularity of the contracting parties the above announcement will be of much interest in social circles throughout the Bluegrass section.

#### ED. HON HERE

Ed. Hon, formerly a prominent business man of this city arrived here yesterday for a short visit to relatives. Mr. Hon is located in Washington, D. C., and during the war was in the government service, but is now back in the meat business in the capital city. He is being given a warm welcome by his many old

#### TAKEN TO PHILADELPHIA

Mr. and Mrs. Harry Ringo left yesterday with their little son, Stof-er, for Philadelphia where he will be placed under the care of an eminent specialist in children's diseases. The child has not been well since an attack of the flu some months ago, and it is hoped he will soon be restored to health.

#### THE AMERICAN LEGION

Formation of a local post of the American Legion, the new association of soldiers, sailors and marines will be taken in Mt. Sterling, on August 6th. of this week when an informal conference will be held between local veterans and representatives of the State organization, who are pushing the organization work in order that Kentucky's 100,000 former service men will be fully represented in the Legion before the State convention to be held October 3 and 4 in Louisville.

Early organization of a Mt. Sterling post is expected in order that representatives from this community not only will attend the State convention but will take part in electing delegates to the first great national convention, to begin November 11, American Legion Day, in Minneapolis.

The American Legion is a national "vigilance" organization, free from political and other unsavory influences, formed for the purpose of making the results achieved in rance hold good in every town, city and State in the nation. It is endorsed by President Wilson and other Government and Military officials. It will seek to rid the country of the radical, the slacker and all influences not wholly 100 per cent American. Mr. Ulric J. Bell will represent the State organization at conerence here.

Life in a trunk made easy. The Hartman long open top, cushion top, locked drawers, easy large compartments, ample hanger room inside, braced corners, patent Yale locks, finest of linen lining, laundry bag, shoe boxes, and skirt braces-everything a trunk should have but a telephone. #### COMPULSORY UNIVERSAL MILITARY TRAINING

War Department recommendation for a system of universal training of three months for all eligible youths in their nineteenth year was presented by Secretary Baker yesterday to the Senate and House military ommittees for their guidance in determining the permanent military policy of the nation.

The proposal is contained in a bill prepared by the general staff of the army at the Secretary's direction. In transmitting the bill, Secretary Baker in a letter said that General Pershing had not been consulted and the plan was tentative to that extent.

The department's bill calls for a regular army of 21 divisions and necessary auxiliary services, with a peace strength of 510,000 enlisted men and a war strength of 1,250,000. The reserves to fill up the divisions, to full strength would be provided through a modified form of the selective service act under which the national army was raised. For training purposes, only youths in their 19th year would be called to the colors for a three month period, to be attached to regular divisions for that time. It is estimated that this would provide an annual class of 600,000 men to be given intensive military nstruction, stripped of all vocationor other educational features.

## 1920 Model K-45

### Buick Five-Passenger Touring Car-

THE BUICK Model K-Six-45 is a very capable open car for five persons, designed to cover the multitude of uses to which such a car is put. It differs from the big sevenpassenger model only in tonneau and chassis length, possessing the same degree of ruggedness, easy-flowing power and mechanical excellence.

The tonneau is even more liberally proportioned. The seat is full three-passenger capacity, set at a comfortable angle. The sides are uphoistered clear to the doors with the same French pleated leather used on the cushions and seat backs. Each of the four doors is equipped with a side pocket for storing small parcels. The instrument board is illuminated by a dash lamp. Top and side curtains are made of high grade fabric, the curtains swinging open with the doors Behind the front seat is a very convenient pocket for storing the side curtains when not in use.

COLOSSAL THIS STATEMENT

According to the estimate of the Federal Director of Railways, a de-Seit of \$59,000,000 was incurred during the month of April. The total deficit for the past four months is \$250,000,000. At this rate of deficit, should the Government conrimse to operate the railroads for five years, it will take every dollar of money now in circulation in America, to pay the deficit. From a financial point of view, Government control, has proven a colossal failare. This Government control of railways demands the most serious consideration now.

### YOU CANNOT HIDE THE TRUTH

About the Clark Automatic Gate. It is sold "by Right of Merit" and "by Reason of Demand." Could any article have a better selling argument?

Clark Automatic Gates are stock proofalways locked-an economical investment. They are a real necessity and inexpensive.

"Quality goes in before the name goes on"

### CLARK GATE CO.

(Incorporated) LEXINGTON,

#### RENTUCKY TO SPEND \$141,558 TO AID BETTER FARMING

Montgomery Gets Her Part.

"How're you going to keep 'em down on the farm?" is a problem the public schools, under influence of the Smith-Hughes act of Congress, are sitting about to solve by teaching agriculture as a practical science, no less interesting than profitable. At the same time, home economics and industrial trades are being taught in the same way and teachers are being trained for vocational work. Kentucky will receive \$70,779.31 from the Federal government for this enterprise this year.

High schools already are teaching mathematics devoted to farm accounting, and the Federal income tax has brought farmer for the first time to a realization that their farms represent invested capital.

Many experts who assisted farmers in making up their income tax returns, are of the opinion that thrifty agriculturists actually will profit by it; because it has made think in exact terms about their business and keep account of income and expenditures as applied to the details of farm management.

It is their belief that not one farmer in a thousand previously had attempted to calculate the net profits on his investment.

The farmer, at last, is face to face with a cost sheet, consideration of betterments, soil betterments, soil building, conversion of raw material of plant life into the finished product of fattened stock and utilization of waste.. The schools are going to show his sons what a peculiarly interesting combination of applied chemistry and industrial organization agriculture is, and if economic conditions compel, as many expect the division of the land into small farms, intensive, scientific cultivation, probably specialization, only will be profitable. Here the school steps in with its scientific knowledge to save the day.

Probably another dozen high schools will be added during the present year to the list participating in the Federal fund.

Those sharing in the \$35,156.96 for teaching agriculture are the Livermore, Fordsville, Lowes, Campbellsville, Lewisburg, Dawse Spings, Benton, Whitesburg, Mayfield, Mayslick, Marion, Greenville, Franklin, Beaver Dam, Daviess county, Montgomery county, Breckenridge county, Cunningham, Cadiz, Utica, Auburn, LaCenter and Burlington.

Those sharing in the \$13,133.40 devoted to teaching home economics and trades and industry are Morganfied, Owensboro, Montgomery county, Louisville, Somerset, Hindman Scitlement School, Paducah, Dawson Springs, Greenville and

there is more Catarrh in this section the country than all other diseases together, and for years it was suped to be incurable. Doctors prescribed al remedies, and by constantly failing cure with local treatment, pronounced neurable. Catarrh is a local disease, atly influenced by constitutional constant and therefore requires constitutional constant restreatment.

"We just mopped 'em up" "Those boys didn't know what retreat meant. And, pep! Say, every mother's son charged as the' he was the whole American Army. It was the proudest moment of my life." More than 32,871,000 tins of Velvet Tobacco were sent to the boys in France-enough, if placed end to end, to reach 2340 miles or nearly from New York to Brest. How much it helped them, their friendly letters testify. Velvet makes friends easily-because, like true friendship, it has been allowed to ripen naturally. For two years, Velvet ages in wooden hogsheads, and when it comes out it is just right—no kick, no bite, no harshness. You and Velvet-begin that friendship now. Liggettallyers Tobacco Co. STROTHER MOTORS CO.

Paris, home ecomomics, and Som- be spent in Kentucky for the current year \$141,558.62 as a start in teaching scientific agriculture, trades and home economics.

> Under the plan adopted for Kentucky the Federal contribution goes entirely for salaries; not over 20 per cent of the fund must be spent on home economics and one-half of this must be used in part time classes for the benefit of persons who cannot attend daily sessions: from 20 to 60 per cent of the fund goes for teacher training in these branches of education, and the expenditures of supervision in trade training is limited to 25 per cent of the allotment for that purpose.

The fund increases each year and in a short time, if the schools meet the requirements, these practical features of a modern education will play an important part in the curriculum of the advanced schools

The fund is administered by a board composed of State Superintendent V. O. Gilbert, Secretary of State James P. Lewis, Attorney General Charles H. Morris, President F. L. McVey, of the university;

#### DEMOCRATIC MANLINESS

The Majority rule is democracy and Judge Carroll showed himself a trueblood when, as soon as it was conceded that Gov. Black had been given the democratic nomination for Governor, he had this message flashed to him congratulating him and pledging his support in the coming November election. It was manly, it was democratic. Judge Carroll knows what it is to do right and this example should be aproved by every man that vot-

The following is Judge Carroll's message and Governor Black's re-

"My Dear Governor-

"In a fair election after a friendly contest, you have won the nomina tion. I congratulate you.

"You and the other nominees will have my hearty support in the November election. Yours very truly,

"JOHN D. CARROLL."

Gov. Black replied to Judge Carroll's letter immediately, in the follow-

"My Dear Judge:

"I am grateful to you for your very gracious letter of congratulation, and wish to thank you most sincerely for your proffered support, which I know will be heartily and earnestly given.

"I need hardly asure you of my friendship and esteem, which have not been marred or diminished by the campaign which is now ended. We were brother Democrats engaged in a friendly contest within the party ranks, and happily no bitterness has followed the end of the contest. You made a splendid campaign and conducted a gallant fight. You were supported by a host of zealous and loyal Democrats, and I feel certain that the men back of you will heartile join with you in making our triumph in the November election so complete that the Democrats throughout the nation will be proud of old Kentucky.

"Very sincerely yours.

"JAMES D. BLACK."

This response indicates what Governor Black would have done and what he would have expected his friends to have done had Judge Carroll been the winning candidate and is the expression of one loyal democrat to

The ticket is a good one from top to bottom and we shall expect an old time victory for the Democrats in the coming November election, and to Ficklin, who was seriously injured that end we shall contend most earnestly.

#### CITY OWNERSHIP

There are many reasons why cities should own their own plants. Some of these reasons confront us today.

Today we are notified of an ice famine in many surrounding towns and in some instances the reason is ice is being taken from home plants to supply others that may be short by reason of scarcity of water. Mt. Sterling citizens have been notified of another increase in price, thus making the price of ice almost 100 per cent more here today than it was several years ago. We realize the price should be increased but it appears to us 100 percent is a little heavy, and we feel it the duty of our City Fathers to take some steps to see if there is not a limit that can be charged ramily of J. D. Crouch in Nelson Co., by the local company.

The first duty of cities that own their plants is to supply home consumption and to keep the price within the reach of all. Another reason would be the dividends accruing would lessen the tax rate. Cities that own their plants have reduced tax rates. We know a city that owns and operates her water, gas, ice and electric plants that has a 25 cent tax rate. What city ownership is to that city could be to this city and others that would own and operate their plants. Paris has started a move of this character, why not Mt. Sterling?

#### BE CONSISTANT

f the people as expressed at the pells.

To those who did not get to the polls, by indifference or by reason of ailure to register, or for any other reason they did not exercise mear preroilly committed to support the nominees of the party with hich they affiliate just the same as if they participated in the primary. To finstrate: A Democrat has set before him, according to law a primary, and t is his privilege and duty to participate in that primary. Now should a voter fail to exercise that duty he is none the less a Democrat, subject to the nactment created by him through his chosen representative, and is thereore morally committed to support the nominees. We are for the nominees of our party and are prepared to support the ficket most enthusiastically from top to bottom. If a voter has decided he will not abide by the decision f his party it is time for him to question his sincerity as to party affiliaions in regard to political principles and then go where conscience may lead, and this he should have done prior to the primary.

The ticket nominated by the Democrats is a splendid one and we feel onfident is one that will triumph over Republicanism at the polls in Novem-

BUILD NOW!

C., in a letter to the Manufacturers

Record writes:

Mr. W. B. Moore, of Yorkville, S.

"Owing to the advances in build-

ng material and the scarcity of la-

bor, causing delays in construction,

notwithstanding that the capital had

been subscribed for a new mill to

e erected by the Waltmore Thread

mills to cost \$500,000, the project

Building material is high as com-

our opinion, building material will

grow more and more difficult to ob-

tain an dthe shortage in labor will

largely increase. We cannot see

how there can be any decline in the

price of labor or in the cost of

building operations for some years

to come, unless there should come

upon us an industrial depression

and a panie which would mean wide-

spread and terrific disaster. We do

not believe that this condition is

possible, for nothing but a revolu-

tion or Bolshevistic outbreak could

halt the advancing business prosper-

ity of the country, and we have no

fear of Bolshevism or revolution.

Given ordinary stability of govern-

ment, there will of necessity be an

enormous expansion of business ac-

tivities which will mean an increased

has been indefinitely postponed."

#### ICE PRICES AGAIN BOOSTED

The Kentucky Utilities Co. has again raised the price of ice. The price has steadily increased for the past several months until it seems the time has come when the Mayor and Council should investigate the matter. In the past two years the price has increased nearly one dred per cent, and it seems there should be a limit to the price they can charge. Paris now has a plan under way whereby local citizens may build and operate an ice plant of their own. We think it a good idea for Mt. Sterling to follow suit.

#### SETH BOTTS RETURNS

Seth Botts, one of the first Mt. Sterling boys to enter the service, was discharged last week and returned to his home in this city. Mr. Botts is an extremely popular boy and is receiving a warm welcome from a host of friends and admirers.

TEACHING AND OTHER TRAD

That school teachers are underaid is an old story, grown tiresome from repetition. But here are some up-to-date facts, submitted by the National Association, which give the subject new freshness and interest. Teaching salaries have really been rising-they have risen, in the three years from 1915 to 1918, from an average stipend of \$543 to \$630. Let no tax-payer, however, plume himself unduly on this fact. The advance only meets about oneseventh of the current advance in living expenses, leaving the teacher far worse off than before.

The most striking thing in the report is a comparison of the teacher's pay with that of other occupations. The poorest-paid railroad worker, the section hand, gets twice as much as the average teacher. Skilled railroad men get five and six times as much. Most hod carriers get 50 to 100 per cent more than teachers. Bakers, carpenters, and glaziers get twice as much. Blacksmiths, machinists, lathers and wiremen get two and one-half times as much. Plumbers, brickiayers and structural iron workers get three times as much.

The ordinary shipyard worker is paid \$1,411 a year, to the teacher's \$630. And surely her work is no less important and difficult than his -she is shaping the material that goes to the making of that supreme product, the ship of state.

And yet, in every community in the land, there are still taxpayers who kick whenever anyone sugests raising the teacher's pay.-Ex.

Certainly there is no incentive for the training of men and women to while. They should have increased rence, Johnson and Pike. pay, not the promise, but an immediate enactment that would encourage higher and more extended edu-

#### KENTUCKY WILL HELP

Arrangements have been made by which Kentucky will have a prominent part in the Pure Food Show to be held at Cincinnati Auust 5th to 16th. This exposition will empha Prewitt & Howell, size the great value of milk as food. This interests the milk producers of Northern Kentucky directly.

The Extension Home Demonstration Department of the College of Agriculture at Lexington will demonstrate for the housekeepers of Cincinnati the many oishes and drinks which can be prepared from milk. These demonstrations will be given twice each day during the entire two weeks of the show.

#### MY HEAD!

head feels thick or aches, when one feels all out-of-sorts —perhaps a c o a t e d tongue—it that poisons are accumu-lating in the system, and should be cleaned out at once.

When the

Auto-intoxication can be best ascribed to our own neglect or carelessness. When the organs fail in the discharge of their duties, the putrefactive germs set in and generate toxins—actual poisons, which fill one's own body.

Sleepiness after meals, flushing of the face, extreme lassitude, bil-iousness, dizziness, sick headache, acidity of the stomach, heartburn, "Why I Put Up With Rats for Years", Writes N. Windsor, Farmer.

"Years ago I bought some rat poison, which nearly killed our fine watch dog. It so scared us that we suffered a long time with rats until my neighbors told me about RAT-SNAP. That's the sure rat killer according to the stomach, heartburn, offensive breath, anemia, loss of weight and muscular power, decrease of vitality or lowering of resistance to infectious diseases, disturbance of the eye, dyspepsia, indigestion, gastritis, many forms of catarrh, asthma, ear affections and allied ailments result from auto-intoxication orself-poisoning.

Take castor oil, or procure at

Take castor oil, or procure at the drug store, a pleasant vegetable laxative, called Dr. Pierce's Pleasant Pellets, composed of May-apple, aloes and jalap,

### H----

HAIL

JONES: Have any rain last night, Smith?

SMITH: Yes, a hard one, and with Hail; nearly ruined by tobacco. Cut it all to pieces.

JONES: Have it insured?

SMITH: No, not a cent on it and I'm afraid 'twill darn near put me out of business, too.

JONES: Well, you're certainly a "wise guy." Didn't you know you could have insured it against Hail for \$50 an acre for only \$4.00; or \$100 an acre for only \$7.00?

SMITH: Yes, I knew that BUT I DIDN'T THINK IT WOULD GET ME; in fact, I had forgotten it. Think I'll go in right now and "TALK WITH HOFFMAN" and insure the crop on the other farm. They say "Lightning doesn't strike in the same place twice," but I can't afford to take any more

MORAL: DON'T BE CAUGHT LIKE SMITH.

#### PRESIDENT INVESTIGATING HIGH COST OF LIVING

First steps in the Federal Government's attempt to reduce the high cost of living were taken last week with the inauguration of a plan for the sale of \$125,000,000 worth of army food stocks direct to the people with every postmaster and mail carrier over the country acting as salesman.

Distribution of the surplus food in this manner was requested by the House of Representatives and details were worked out at conference between Secretary Baker, Postmaster General Burleson and Representative Kelly, of Pennsylvania, author of the House Resolution.

While this programme was being put into effect, President Wilson had before him a statement from the Brotherhood of Locomotive Engineers which declared that "conscienceless profiteering by the great interests who have secured control of all the necessities of life" had brought about such conditions that the engineers felt they must demand increased wages unless living expenses speedily were reduced.

At the Department of Justice, investigations into causes of increased living costs were under way with particular attention being given to the question of whether producers or dealers had combined in violation of law to raise prices of necessities.

Meantime there was pending in the House a resolution proposing that the Federal Trade Commission investigate rising costs of coffee, sugar, shoes and clothing.

War Department officials were preparing a price list covering the entire available surplus army food. The list will be sent to each of the country as well as to all rural mail carriers who will inform consumers (27-1yr) of the prices and methods of sale and also take orders. Payment must be made at the time the order is taken for which a receipt will be given in order that the purchase may be re-imbursed in event the order cannot be filled through exhaustion of the supply or for any other reason. The army food, which will be available at much lower prices than those prevailing in the retail trade. consists chiefly of canned vegetacorned beef, roast beef and fresh frozen meats and poultry.

The brotherhoods whose members are remunerated for labors with inreased pay, may have cause for complaint and this we do not doubt, and admitting this, may we ask, how much greater have the great masses, those who live on meager incomes, either from small investments or from manual labor rendered, by the old and also the indisposed dependents, have cause to complain?

#### Mr. Vaughn, Farmer, Tells How He Lost All His Prize Seed Corn.

"Sometime ago sent away for some pedigreed seed corn. Put it in a gunney sack and hung it on a rope suspended from roof. Rats got it all-how beats me, but they did because I got 5 dead whoppers in the morning after trying RAT-SNAP." Three sizes, 25c, 50c, \$1.00.

Sold and guaranteed by Chenault & Orear.

#### POOLS BOOST PRICES

Kentucky farmers in twenty counties pooled 332,000 pounds of wool. This sold at an average of 621/2 cents per pound for clear wool while the price paid the individual farmer by the regular buyer was 50 cents. Three hundred and thirty-two thousand pounds at 121/2 cents advance means that the farmers who pooled made \$41,500 clear money.

Chenault & Orear STOCK AND CROP

Alabama's cattle are making good progress towards a good market condition.

At the recent sale of Shorthorns

held by Wm. Hoover, New Pierce, Idaho, the average was \$385. Grass cattle in Florida is moving

rapidly and is reaching the markets in fine condition. A total of \$85,000 will be offered in premiums at the Ohio State Fair this year. The fair will be

held at Columbus, August 25-29. \$10,000 will be given for Shorthorns, \$25,000 for cattle, \$5,000 for Perherons and \$5,400 in prizes for the night horse show. The average prices of live stock on the Chicago market last week 31-1yr were: Cattle, \$16.50, hogs \$22.20,

sheep \$11, lambs \$17.45. On the

corresponding week of 1918 the av-

erages were: Cattle \$16.15, hogs \$18.55, sheep \$12.000, lambs \$18.40. Guthrie Brothers, of Shelby County. Ky., sold fifty-one head of fine grain-fed cattle, weight 1400 pounds

at 14 cents a pound. At the ten co-operative wool sales

A decrease of more than 70,000,-000 bushels in the Kansas wheat crop is shown in the July crop report of the Kansas State Board of

\griculture. Montgomery County tobacco is free of weeds, the light rains of the last week greatly revived the crop which is growing rapidly. Prospect

good for an average crop. The rains of the past week have been light but sufficient to materally benefit both corn and tobacco crops.

The Rainbow Division Band that will be seen daily every day and evening during the Blue Grass Fair is composed of forty five members, including six buglers and three vocalists. This organization accompanied the famous Rainbow Division n seven battles on the other side and since its return to this country has played to many thousands.
